The Texas Municipal Courts Association (TMCA) was organized in 1974 for the sole purpose of forming a viable support organization dedicated exclusively to serving Municipal Courts.

To provide the continuing legal education, TMCA created the Texas Municipal Courts Training Center in 1983; in 1994 the name was changed to the Texas Municipal Courts Education Center (TMCEC).

TMCA was the first statewide organization to provide training and continuing education for court clerks and court administrators.

TMCA co-sponsors the Texas Court Clerks Certification Program.

For more information about TMCA, please visit our website.
